Isabella McGuffie Files Suit Against Her Husband.

ARE OVER

PLAINTIFF ASKS FOR SEPARATE MAINTENANCE.

Wife Alleges That the Defendant Has so Mistreated Her That She Sleeps in a Barn Through Fear of | + Him-Has Dissipated His Means + Ly Mismanagement.

Suit for separate maintenance was filed yesterday in the district court by Isabella McGuffie from her husband, James McGuffle. The couple have been married for half a century and both are now beyond their eighth decade. In her complaint against her husband the plaintiff alleges mistreatment at the hands of her husband. She says that since the beginning of the year she has been compelled to sleep in the barn at the rear of their house, 425 East Third South street, for fear of the defendant, who had threatened her with a pistel. The couple have one child

fendant, who had threatened her with a pistol. The couple have one child who is now of age.

The complaint alleges further that the defendant, who was formerly worth \$21,000, has by mismanagement, dissipation and extravagance reduced his means to \$7,200, mostly in United States 4 per cent bonds, which are deposited in a confern deposit how in the Walker. safety deposit box in the Walker

The plaintiff asks for an injunction The plaintiff asks for an injunction against the bank to restrain it from allowing the defendant to have access to the safety deposit box, and prays further for \$50 a month alimony or \$3,500 down and the costs of the suit.

CANAL COMPANY SUES.

Asks Injunction Against Electrical Power Company.

Suit was filed in the Third district court yesterday by the Utah & Salt Lake Canal company against the Salt Lake City Water & Electrical Power Take City Water & Electrical Power company. The suit calls for a restraining order to be issued enjoining the defendant from diverting any of the waters of the Jordan river which flow through the plaintiff's canal to its own uses. On Dec. 9 a contract was made between the contending parties by which for a consideration of \$12,000 paid to the plaintiff the defendant was to have the use of the waters of the Jorhave the use of the waters of the Jordan river two miles below the point of diversion made by the plaintiff's dam. By the terms of the contract the defendant was to enlarge the canal by

tion, and that it be perpetually re-strained from the use of the waters, further than is called for in the contract between the plaintiff and the de-

AFTER HALF CENTURY CITY'S NEW FIRE STATION IS READY FOR OCCUPANCY

FRONT VIEW OF STATION NO. 2.

The building for the east side fire department is practically completed, and before the end of the month it is hoped department No. 3, S. L. F. D., will be in active operation.

Assistant Chief McCarthy said yesterday that the apparatus for the new station will be here the latter part of the month, and by that time ten more firemen will have been appointed to protect the city property. While it will take ten men to man the apparatus at the new station, which consists of a combination chemical and hose wagon and a hook and ladder truck, not all the new members will be sent up on the hell.

The experience of some of the older of the readinest of the red the state of the month is in shape and there is considerable speculation and in fire pioneers who invariably seat themselves close up to the foot of the rostrum in order not to miss a word of what transpires. They never miss a meeting, and as each conference comes round, may be located in practically the same seats they occupied six months previous until some of their number are called away to their last resting place.

IN THE MORNING.

Vast Congregation Hears Talks By Leaders.

People were flocking to the Tabernacie vesterday morning fully one hour before the time set for the opening session of the second day of conference of the month, it is a present engaged in stringing wires from No. 1 to the new station and providing the new apparatus gets here on time, everything will be in readiness by May 1.

fendant was to enlarge the canal by deepening and excavation at its own expense. It was also to erect head gates at the point of diversion, but by the terms of the contract, the plaintiff was to have exclusive control of these sluices and was to pay a proportion towards keeping them in repair. The canal company was to have an indemnity against losses of crops sustained by its stockholders. According to the complaint the defendant has been using more water than its contract called for, and the plaintiff prays that the court restrain its use of the waters pending this action, which consists of a combination chemical and hose wagon and a hook and ladder truck, not all the in stringing wires from No. The experience of some of the older will be in readiness by May I. HIS EXAMINATION.

All the Delegates Unite in Comment- Complimentary Entertainments to ing on the Harmony That Now Exists Between the Dominant Church and the Various Other Denominations.

The Utah presbytery closed its spring conference at 5 o'clock yesterday afternoon. Two sessions were held during the day and much business of importance was transacted.

The home mission committee reported the apportionment of preachers, elders and teachers to the various mission churches and schools for the coming They also recommended the erection of a chapel and the appointment of a pastor and elder at Cedar

The church owns some ground in that place. A chapel for St. George was also asked. It was remarked by all the delegates that a harmonious feeling exists at present between the dominant hurch and all other sects which are taking a foothold in the state.

The following commissioners were elected to attend the general assembly, to be held next March in St. Louis: Rev. James Thompson of Ogden, prin-cipal delegate; Rev. F. W. Blohm of American Fork, alternate; Elder C. K. Westminster church, and Robert Miller of Springville, alternate el-

W. H. Davis of Kaysville preached his test sernon in the morning meeting on the "Parable of the Unjust," Luke 16. The presbytery was unanimous in

town, Kaysville.

The service today in the First Presbyferian church will be conducted by the moderator, Rev. R. Cooper Bailey.

Special communion services will be held at 4 o'clock, under Dr. McNeice, and a treatment of the service of the servic Sunday school rally will be held at 7:45 o'clock this evening.

TRAVELING MEN MEET.

Enjoyed a Smoker in Lodge Room Last Night.

The Utah Traveling Men's association held a smoker at its rooms in the Auer- at Union were brought to the univerbach building last evening, which was sity on Thursday. Part of one of the leg bones measures twenty-four inches the jolliest gathering the order has known in its existence in Salt Lake. There were present between fifty and sixty men, most of them members of the association, and many visitors who came to enjoy witty speeches, good cigars, music and coffee. For, strange though it may seem to the uninitiated, this association of traveling men has a by-law which forbids the use of in-

toxicants in the lodge rooms. That is one place where strong drink is foridden fruit.

But there was compensation, for wit-ty speeches and funny stories were told by George Romney, John E. Clark, Tom Roberts of Wyoming, D. H. Jack-son of St. Joseph, Mo., A. J. Rand of St. Louis and several Salt Lake mem-

There was music by the Fisher Mandolin club, and a sparring match by two 10-year-old boys, which aroused

Though the local council is but four months old, it already has more than fifty members, and over twenty applications for membership.

MISSIONARY FUNCTIONS.

Elders Siddoway and Cushing.

A farewell reception and concert will be tendered in compliment to Elder Robert H. Siddoway, assistant superintendent of the Second ward Sunday school, Monday evening at the ward that there was only one way to obtain school, Monday evening at the ward meeting house on the eve of the eider's departure on a mission to Colorado. The Harmony Glee club, Utahn quartette, Jewish synagogue quartette, John Robinson, H. S. Ensign, Miss Dwyer meeting house on the eve of the eider's Robinson, H. S. Ensign, Miss Dwyer and a number of other artists will appear on the programme of choice musical selections.

Elder Harry W. Cushing, who is preparing to leave on a proselyting tour of the word of the Lord which representation, will be honored with a the Saints in their true light. complimentary entertainment Wednesday evening at the Eleventh ward meeting house. The programme is atrecting house. The programme is attractive in music, song and dramatic recitations by well known local artists. Professor J. J. Daynes, Mr. Willes, Mr. Ensign, Miss Edmonds, Miss Boyer, Mrs. Bassett, Mr. Sibley and others will contribute to the success of the enter-

DIEHL IN NEW ROLE.

Appears as Defender and Secures an Acquittal.

Harry Nuttal and William Smith, the two young men arrested a few days ago for assaulting a Chinaman and robbing him of a bundle of clothing. were tried before Judge Timmony yeson the presbytery was unanimous in pronouncing it a wonderfully clear-cut and interesting discourse, and his whole examination was sustained. His ordination is now assured, and will take place in about two weeks in his native town, Kaysville.

The service today in the First Pressure as acquittal, has famine in the church right now. We to disturbing the peace under the state ute, and the outcome, an acquittal, has led Dienl's friend to believe that he is something of a Tom Fitch—good on either side of the fence.

said. "but we do teday, and there is a famine in the church right now. We are the only people among 140,000,000 souls who have these gifts. God has blessed this people and averted the shafts aimed at the church, which review will avoid the relief the people."

MORE BONES FOUND.

Remains of a Mammoth Brought to Light.

The other parts of the leg bones of the mammoth remains recently found

dangerous ground. After dwelling upon the remarks of President George Q. Cannon as delivered on the previous day on the subject, Apoetle Merrill proceeded to exhort the Saints to shun secret societies as they would a plague. He said, in part: "I know that Satan and his ministers are abroad and perhaps thousands are here in this building; they are trying to stir up division and discord among the people, and are succeeding in a measure. We identify and associate ourselves with secret societies. Big Audiences Attended Yesterday's Sessions. STRONG SPEECHES MADE

societies,
"People will argue that this step is important; that it is a kind of insurance company; they say that there is no harm in it and that their families are thereby provided for." After asserting that secret societies were the direct cause of the downfall of the Nephites, Apostle Merrill said: "Who organizes these secret societies among the Latter. PRESIDENT SNOW OCCUPIED these secret societies among the Latter-day Saints? I don't think that the el-ders do. This step will result in a fall-ing away." He asserted that there was no need of secret societies among the members of the church, as the widows and orphans of the members were in Speakers Dwelt on Subjects Interesting to Members of the Church-Secret Societies Come in For a Denunciation - Mormons Don't

Need Fraternal Insurance.

The second day of the conference brought out the largest congregations of the session. Especially was this the case in the afternoon, when the big Tabernacle was packed to the extent that there was a fringe of people standing up around the back of the gallery.

President Snow presided at both

members of the church, as the widows and orphans of its members were invariably looked after and fraternal lodges were for the Gentiles.

Then the speaker proceeded to take a fall out of "the high fives published in the papers." He affirmed that there was no profit in cards, as card playing leads to gambling and drink. Then "cut and dried programmes" for meetings and church matters generally came in for a share of criticism at the lips of the speaker, who proceeded, in turn, to dwell upon the subjects of prayer and tithing.

President Snow presided at both prayer and tithing.

The morning's session was brought to a close by Patriarch John Smith offering the benediction.

M. Merrill at the morning session, and Anthon H. Lund, Matthias F. Cowley and Abraham O. Woodrum of the quo-rum of the apostles, together with President Joseph F. Smith, in the af-ternoon

A delegation from Ogden, members of their order, will accompany them to this city and they will also be met by a considerable number of the B. of L. E. here, who have arranged with the Salt Lake Street Railway company to take them to Fort Douglas.

On invitation of Jake Moritz, the party will halt at the Salt Lake brewery on the return trip and be given a taste of the Book of Mormon, for had Joseph Smith not been inspired of God, the men who helped him transcribe the book would soon have discovered the subject of open until the solution of the Salt Lake & Los Angeles to Saltair, and later will be book would soon have discovered the Colorado & Southern Officials Take a single trip and the order, will accompany them to this city and they will also be met by a considerable number of the B. of L. E. here, who have arranged with the Salt Lake Street Railway company to take them to Fort Douglas.

On invitation of Jake Moritz, the party will halt at the Salt Lake brewery on the return trip and be given a taste of that brewery's best brew of malt beverage. At 2:15 p. m. the party will be taken over the Salt Lake & Los Angeles to Saltair, and later will be present during the evening services at the Tabernacle.

INSPECT THE MIDLAND.

Colorado & Southern Officials Take a Montana division of that line, and the Short Line left South Milwaukee on Montana division of that line, and the Short Line left South Milwaukee on Montana division of that line, and the Salt Lake brewest will be moved to the Idaho division.

G. D. Aiken, superintendent of the Construction department of the Oregon Short Line telegraph system, has fully recovered from the unwelcome and harsh embrace of a falling telegraph pole.

C. I. Tuttle, livestock agent for the Oregon Short Line arrived from the west yesterday. He reports little doing in the way of cattle shipping. A large shipment will be made from Handina date of their order, will accompany to the south end will be shoved to the Idaho division.

G. D. Aiken, superintendent of Cases 20 cents per poun priesthood, divine authority and revelation. The discourses at the same time were partially devoted to the The first named speaker confined his remarks to the subject of spiritual gifts in the church, during the delivery of which he maintained that if Joseph Smith had been an imposter he would never have given the world such a test of revelation as set forth on the pages of the Book of Mormon, for had Joseph Smith not been inspired of God, the men who helped him transcribe the book would soon have discovered the fact. The speaker stated that there were numerous prophecies to be enbacksliding apparent among some sections of the people in regard to tithing, seeking after signs, Gentile influences, secret societies and the curtailing of families, young Apostle Woodruff being exceedingly outspoken upon the latter The addresses were listened to with marked attention and interest by the big audience, especially on the part of that big aggregation of silver-haired and infirm pioneers who invariably were numerous prophecies to be en-countered in that book which had stood the test of fulfilment, notably the reference to the gathering which was being brought about at the present time through the instrumentality of the missilonaries until today there were representatives from every clime in Zion.

Cowley on Revelation.

Apostle Matthias F. Cowley, who fol-Apostle Matthias F. Cowley, who followed, took up the same theme which had been dwelt upon at length by previous speakers in regard to the gift of revelation. He said that the Saints generally were not guided by that spirit to the extent that they had been in days gone past and assigned as the reason that some had not divested themselves of the elements of sectarianism which they had brought with them

themselves of the elements of sectarianism which they had brought with them
or had later achieved from rubbing
shoulders with the world.

The elders, perhaps, had not enough
faith in revelation, and when weighed
in the balance they were found to be
wanting. This state of affairs he attributed to lack of reverence toward
the Lord's anointed, and when he saw
such a state of affairs he said he inthing larger than that of the preceding afternoon had assembled. The vast congregation joined with the choir with stirring vigor in rendering that old Mormon hymn, "Come, Let us Anew Our Journey Pursue," which has cheered so many of the sturdy pioneers in their travels across the plains in days of yore.

The opening prayer was offered by President Angus M. Cannon, who, in Our Journey Pursue," which has cheered so many of the sturdy pioneers in their travels across the plains in days of yore.

The opening prayer was offered by President Angus M. Cannon, who, in the course of his supplication, made reference to the war in the Transvaal to the effect that the Latter-day Saints sympathized with the Boers in their struggle, but at the same time the people realized that the British nation was

struggle, but at the same time the people realized that the British nation was a bulwark for the enlightenment of human v in get al.

Aport Hobe Grant was the first speaker. He opened his address with the statement that it was a never-ending source of surprise to him that so many members of the church who professed to be Latter-day Saints and furnished strong oral testimonies to that effect year after year, should continue. nished strong oral testimonies to that effect year after year, should continue to neglect their duties. Christ said his the people and had been as diligent in the people and had been as diligent in disciples were the sait of the earth, he said, and a light unto the world. The Saints were a people of that character and knew that those placed in authority over them were sent of God and

were his servants.

Houses Built on Sand.

Nevertheless, some of them neglected their duties and built their houses on the sand. "failing to do the will of the Father and listen to the counsel of his servants."

The

In closing, the speaker stated that he wished to draw the attention of the Saints to a spirit which was creeping into the midst which was not good but patterning after the Gentile world. He referred "to the growing idea among the young married people of the church, that it was not popular or stylish to bring large families into the world." The apostle spoke at length upon this subject with plain directness "who do not pay their tithing, and give as a reason for not doing so that the tithing is not laid out and expended properly. Seeing that they don't pay a dollar," said the apostle, with marked emphasis, "it is none of their busiworld." The apostle spoke at length upon this subject with plain directness. President Joseph F. Smith, who spoke briefly at the close of the afternoon meeting, stated that the spirit of counsel and instruction had rested upon the apostles who had spoken during the various sessions of conference.

The remarks which had just been ut-

The remarks which had just been uttered by Brother Woodruff, he said, were worthy of the attention of all young men and women. He said that it was God's command to multiply and replenish the earth—not in wickedness, but in holiness. There was no greater sin than to prevent life and if humanity would enjoy life they must obey the numbers of apostates would illustrate.
After condemning the desire to witness miraculous manifestations on the would enjoy life they must obey the law by which it has been called into the world. After continuing in the above strain, the speaker endorsed the to urge the Saints to subscribe for the church organ, which he designated as the word of the Lord which represented sentiments of Apostle Heber J. Grant-which were delivered earlier in the day in regard to the prevalent desire among some members of the church in the di-rection of spiritual manifestation. He said that it is a wicked and adulterous John W. Taylor of the quorum of the apostles then arose and addressed the conference for the space of twenty minutes. After endorsing the remarks of his predecessor he stated that he had observed a vast improvement in the his predecessor he stated that he had observed a vast improvement in the prophecy, speaking in tongues and vis-ions, and he warned the Saints against such demonstrations from the source of evil. Continuing, he said: "The trouble tithing receipts during the past year; he was glad to note that the various meetings were better attended than heretofore, and that the people were otherwise attending to their duties. The apostle stated that during the past is that we live so little of our religion that when some jackanapes arises with a dream, no matter how foolish, he will have a following among the Latter-day Saints." few months he had been traveling in the world and had noted that there

After the benediction was offered by Elder J. Golden Kimball, conference was adjourned until 10 o'clock this

CITY'S VITAL STATISTICS.

Health Department's Report Shows Normal Conditions.

According to the report of the health department for March there were nine deaths in the city last month from oneumonia out of a total of sixty-one Consumption caused, three deaths, convulsions, marasmus, puerperal hemorrhage and drowning each two, and all other causes number one each. Fourteen of the dead were unspeaker at the morning session. After asserting that a simple knowledge of the truth would not save mankind, and der the ages of 5 years and twelve were over 65. The number of smallpox cases reported for the month was seventeen, of scarlet fever fourteen and

the truth would not save mankind, and if the cares of this world were allowed to come first and foremost in life. mankind was truly in a pitiful condition, he proceeded to state that there were many things among the Latter-day Saints that ought not to exist—notably a marked indifference manifested to the counsels of God as given through his pristhood, that should be overcome. of whooping cough six. Births reported numbered ninety-two.

Twenty-two died in the hospital and infirmaries and ten bodies were brought from outside the city for interment.

Nine new cases of scarlet fever were reported to the hoard of health leaf reported to the board of health last week, making seventeen cases under quarantine. One new case of diphtheria, "This is not a secret," he said, "but is well known to the people." Irreverence to the pristhood, he asserted, was not against the man, but directed against the Almighty and people who indulged in such were treading upon the said. "One of whooping cough and one of smallpox were reported. The births reported for the week numbered sixty-four and the deaths thirteen, exclusive of one body brought from outside the

Big Delegation of Engineers Due Here Today.

A delegation of 150 Brotherhood of arrive from San Francisco over the Rio Grande Western at 6:30 this morning. One hundred and eight of these are from New York state, and reached California via the Sunset route, where he was checking up station accounts. they took in all points of interest. They are returning via this city in a special train composed of four sleepers and a dining car.

Colorado & Southern Officials Take a May 5. Trip.

The Colorado & Southern officials, eays the Denver News, have already begun to inspect the Colorado Midland, as if it were their own. As the stock as it usually does on Sunday, at Nephi is soon to pass into the hands of the stockholders of the Southern and the Rio Grande Western, it is perhaps not inopportune that President Trumbull should take a trip over the line in company with Vice President Winchell, Superintendent Dyer and Engineer Cowan for the purpose of "sizing up" the road that is to practically become a part of their system. The four ofa part of their system. The four of-ficials went over the line yesterday and

they arrived in Leadville last night. They will not leave until tomorrow. But Colorado & Southern officials did not constitute the entire party. On the special train was the private car of President Ristine of the Midland, ac-companied by General Superintendent Bryant and General Freight Agent Anthony Sneve. Thus have the officials of the two roads begun already to hobnob with each other in a way not alto-

gether social. One of the primary objects in stopping at Leadville is to look after terminal facilities and other improvements by which the ores of the mining camp can be diverted the more easily Denver. It is the intention to build a third rail over the Colorado & Southern belt line east of Leadville, so that standard gauge freight cars can be run direct from the mines over the Midland and the South Platte cut-off into Denver. This will be of material benefit both to Leadville and to Denver.

STORY OF A WRECK.

How a Brakeman Used Up His Railroad Slang.

The March Railroad Telegrapher contains a story in the railroad vernacular is a pocket dictionary of railroad slang in itself.
"At a railroad wreck official

the people and had been as diagent that regard as President Snow had been, that the tithing receipts might have been doubled.

Confidence in the church, he said, had tissue in the dog house, the hind shack the control of the story this wise: "The con was flipping the tissue in the dog house, the hind shack the control of the story this wise: "The con was flipping the tissue in the dog house, the hind shack the control of the story that the dog house, the hind shack the control of the story that the dog house, the hind shack the control of the story that the dog house, the hind shack the story that the tithing receipts might a story that the st was freezing a hot hub near the hind end; tallow pot was cracking diamonds in the tank; Eagle Eye was down greasing the pig, and I was bending the rails, when they hit us."

Under a lengthy cross-examination, this was translated to mean that the conductor was examining his train orders in the cupola of the caboose. The

in town last night and is gathering data for the company to determine the advisability of bridging Green river, and opening the proposed wagon road between this point and Rock Springs. The gentleman is very favorably impressed with the resources of the valley, and expressed the opinion that a good road between the two points would be of great advantage to all concerned. Upon the gentleman's report will depend the action of his compart will be action of his compart will port will depend the action of his company as regards the bridge. Just what his report would be he did not care to state just at present.

for traffic by the middle of July.

by W. S. Simpson, a railroad engineer, by W. S. Simpson, a railroad engineer, who believes the danger from railway accidents is in the tendency of the modern car to telescope. His design is a car to be coupled ahead of the baggage car of passenger trains, next to the engine, and is constructed to take up the shock in case of collision.

in the tank; Eagle Eye was down greasing the pig, and I was bending the rails, when they hit us."

Under a lengthy cross-examination, this was translated to mean that the conductor was examining his train orders in the cupola of the caboose. The rear brakeman was cooling off a journal. The fireman was breaking coal. The engineer was oiling the engine, and the head brakeman was throwing a switch when the collision took place.
